PRINCESS MARGARET HOSPITAL
FOUNDATION

COMMUNITY PROGRAMS

Schools, small businesses, sporting organisations and clubs play an important role in helping PMH Foundation care for Western Australia's sick and injured children. Each year these groups contribute hundreds of thousands of dollars to our fundraising efforts.

There are lots of ways your community group can help - through involvement in our events, by organising your own event or fundraising activity, or by volunteering.

How to get involved

Start by checking out the Annual Community Events that your school, club or family can take part in, such as:

Wear a Bear Day - \$2 Stitches Bears are delivered to your school or organisation on consignment in May and all you have to do is encourage people to buy them!

Dollar Dress Day - Dress up, dress down, dress differently! You can take part in Dollar Dress Day all year round. All you need is a coordinator to collect gold coin donations on a nominated day.

Christmas Lights - Collect gold coin donations from the viewing public at your Christmas Lights display. We provide you with tins and posters, all you have to do is display your lights loud and proud!

You can find more information about these events on our website, along with current volunteering opportunities - www.pmhfoundation.com

Organise your own event

Ideas for fundraising events or campaigns are limitless so let your imagination run wild. To get started, download the *Fundraising & Event Ideas Brochure* from our website, which includes parameters to keep in mind as you plan.

If you already have an idea and are raring to go, please download the *Fundraising Guidelines & Application Form* from our website and send it to us for approval.

Fundraising is a rewarding and fun way to help your community make a difference to countless lives.

PMH Foundation is the principal fundraising body for Princess Margaret Hospital (PMH), providing Western Australia's only specialist children's hospital with vital medical equipment and specialist services, as well as implementing capital projects.

Since the Foundation was first established in 1998 we have raised more than \$17 million for PMH.
